Join us for the second set of public workshops to create a regional housing strategy in Northwest Arkansas! These workshops build on the first series of public workshops held in June.

**All are encouraged to attend!** (Even if you missed the first workshops)

We will discuss important **opportunities** and **challenges** for residents looking for affordable and available housing options in the region.

This workshop will **directly contribute** to a regional housing approach that will help Northwest Arkansas grow while ensuring that residents and communities thrive.

**Share your insights!** Let us know which issues are the most important to the future of the region, and how to get involved.

## Come and share your vision for the future of Northwest Arkansas and how to take action!
