FFY 2027 STBGP-A Project Application Timeline:

Call for Projects:	<u>Sunday, January 4, 2026</u>
Project Application Deadline:	<u>Thursday, April 2, 2026 at 11:59 PM, CT</u>
Project Sponsor Presentation to TAC Committee:	<u>Thursday, April 16, 2026</u>
Selection Committee Projects Tour (<i>Save the Date</i>):	<u>Wednesday, April 29, 2026</u>

FFY 2027 STBGP-A Funding Estimated: approx. \$11.963 million

Estimate based on FFY 2025 apportionment and 100% obligation authority; availability of FFY 2027 and subsequent years funds are subject to Congressional reauthorization.

STBGP-A Funding Background:

In 2012, the Federal Transit Administration (FTA) and the Federal Highway Administration (FHWA) designated the Fayetteville-Springdale-Rogers, AR-MO urbanized area as a Transportation Management Area (TMA). This TMA designation provides Surface Transportation Block Grant Program – Attributable (STBGP-A) funds to the Northwest Arkansas Regional Planning Commission (NWARPC) based on the 2020 Census Urbanized Area population of 373,662. The Bipartisan Infrastructure Law (BIL), enacted as the Infrastructure Investment and Jobs Act, Pub. L. 117-58 (Nov. 15, 2021) provides federal apportioned suballocated funding to the Fayetteville-Springdale-Rogers AR-MO Urbanized area. Under current BIL, STBGP-A funds can be utilized for all eligible transportation projects at the discretion of the Metropolitan Planning Organization (MPO), which is the Northwest Arkansas Regional Planning Commission/Policy Committee (NWARPC).

The STBGP-A is a federally funded, 80% Federal/20% local, reimbursable program and projects must meet and follow the ARDOT Local Public Agency (LPA) federal-aid process for reimbursement. Funds must be used for eligible projects that are submitted by eligible entities and chosen through a competitive process. The LPA Manual can be found at: www.ardot.gov/divisions/local-programs/local-public-agency-project-manual/.

Guidelines:

The MPO will use the following guidelines to allocate STBGP-A funds:

- 1.1 **Staffing.** Up to \$200,000 may be utilized for MPO staffing purposes.
- 1.2 **Project Types.** (<https://www.fhwa.dot.gov/bipartisan-infrastructure-law/stbg.cfm>)
 - 1.2.1 **Projects of Regional Significance.** From the remaining funds after staffing, STBGP-A funds will be utilized for Projects of Regional Significance. Plans and Studies may be included as regionally significant projects.

“Regional Significance” is defined as an improvement to major routes such as north/south corridors, east/west corridors, and frontage roads that improve access, reduce crash rates, and/or relieve congestion.
 - 1.2.2 **Other Projects.** From the remaining funds after staffing, up to 20% may be utilized for other eligible projects that increase capacity.
 - 1.2.3 **In the case of emergency** for full obligation of funds, the Policy Committee can authorize funding for any eligible projects.
- 1.3 **Project Selection and Scoring.** All projects will be scored utilizing the same criteria. Project selection will be based on the overall number of projects submitted, availability of funding, and demonstrated need.

- 1.4 Minimum Project Size.** The proposed project shall be a minimum of \$125,000 for engineering design projects and \$1,250,000 for construction projects. An exception may be made to these minimum amounts to ensure the obligation of funds.
- 1.5 Maximum Amount Per Project Sponsor.** A goal is to allocate no more than 50% of the Regionally Significant funds to a single project sponsor in one year. There is the understanding that Regionally Significant funding should be equitably distributed within the Urbanized Area over time.
- 1.6 Funding of Phased Projects.** When the first year of project funding includes engineering funding (design, engineering and environmental), there will typically be at least a one-year gap before receiving funding for ROW, utilities, and construction.
- 1.7 Application and Deadline Requirement.** All project sponsors must submit an application for funding and meet the required deadline, as noted above.
- 1.8 Obligation of Funds.** All projects awarded must meet the **obligation deadline of September 30, 2027.** (Note: The project will need to be through the ARDOT process and submitted to FHWA by the end of August to obligate funds before the September deadline).
- 1.9 Project Selection Criteria.** Projects will be evaluated and scored based on the following categories:
- Congestion Management
 - Regional Significance/Connectivity
 - Safety
 - Overall Improvement to the Transportation System
 - Project Design
 - Project Continuation, Partnership, Cost-Sharing
- 1.10 Federal-Aid Project Requirements.** Projects are required to be designed to AASHTO and Federal Standards/Guidelines - PE/Environmental, Engineering/Design, ROW, and Utility Relocation.
- 1.11 Other Considerations.** Projects will be evaluated in consideration of Board-adopted regional plans, policies, and initiatives. Applications are encouraged to demonstrate implementation of regional plans [e.g. Metropolitan Transportation Plan (MTP); Comprehensive Safety Action Plan (CSAP) and Vision Zero Policy; NWA Regional Complete Streets Design Guide; Congestion Management Process; Intelligent Transportation System (ITS) Architecture; Transportation Systems Management and Operations (TSMO); NWA Bicycle Pedestrian Master Plan; Connect NWA Transit Development Plan; NWA Transportation Alternatives Analysis; NWA Energy & Environment Innovation (EEI) Plan; NWA Open Space Plan; and Cave Springs Area Karst Resource Conservation Study].
- 1.12 Application Submittal.** Submit electronic applications to ngibbs@nwarpc.org or submit paper applications to NWARPC, 1311 Clayton St., Springdale, AR 72762. For more information on this program or questions related to the application process, please contact Nicole Gibbs, Transportation Programs Manager/Regional Planner, (479) 751-7125 x105, or visit www.nwarpc.org/funding-programs/.
- 1.13 Resolution.** A signed resolution from the Applicant's governing body is **required to be submitted with the application.** See sample resolution at the end of this document.
